

Get Money Back On Your Home

Are you a homeowner or renter living in Colorado who is:

- A full-year Colorado resident?
- At least 65 years old or a surviving spouse at least 58 years old?
- A single person with total income of less than \$15,591?
- A married couple with a total combined income of less than \$21,057?
- Disabled for all of 2020, regardless of age, and received benefits for the full year?

Then you could be eligible for property tax relief and get money back in your pocket!

In Colorado, residents may qualify for the Property Tax/Rent/Heat Credit rebate, also known as the PTC Rebate. The actual rebate total is based on the applicant's income and expenses.

AARP Foundation®
For a future without senior poverty.

We're working with AARP Foundation Property Tax-Aide to offer a free service for getting property tax relief in your community.

You could save money and get help staying in your home during these tough times.

A trained volunteer can determine if you meet eligibility requirements and help you apply.
