# A Letter From Eugene

I would like to thank you for sending me help when I needed it most. When I first met Annie\*, I was going through problems getting to my doctor appointments, managing my health, and helping me sort through paperwork and things that confused me. I also needed help in my home with day-to-day chores since I don't get out of my home, and it is physically hard to do chores and things. Annie helped me get things I needed like new eyeglasses, new dentures, a person to help me in my home, and even a new washer and dryer when mine broke and I was forced to try and wash my clothes in the sink. I have arthritis in my hands and it was painful.

I also thank you for help with food through Meals on Wheels, and commodities I get from the [Silver Key] pantry. I also use your transportation service to get me places when I need to get to appointments and things. Silver Key has been a blessing and you guys help with things I normally couldn't do on my own, and I thank you all so much.

With your support, Silver Key has been making an incredible difference in the lives of seniors living in the Pikes Peak region for over 50 years. Eugene is just one of our cherished clients who has been able to enjoy the wrap-around services that our organization provides to help older adults age safely with dignity and independence. **Please consider making a monetary contribution towards our mission so that more seniors like Eugene can receive the support and care they need to live a happy and healthy life.** When you give to Silver Key, you allow seniors to feel a sense of home, whatever their circumstances may be. Give the gift of hope this holiday season, and help bring the holidays home for seniors!

*Thank You!*
