

- **Vitamin D** - Vitamin D regulates the production of a protein that selectively kills infectious agents, including bacteria and viruses. Good food sources of vitamin D include fatty fish, including canned fish like salmon and sardines; eggs, fortified milk and plant milk products; cheese, fortified juice, tofu and mushrooms.
- **Zinc** - Zinc helps cells in your immune system grow and differentiate. Sources of zinc include beans, chickpeas, lentils, tofu, fortified cereals, nuts, seeds, wheat germ, oysters (including canned), crab, lobster, beef, pork chop, dark meat poultry and yogurt.
- **Prebiotics** - Prebiotics help boost the health of the microbiome, which in turn supports our immune system. Sources of prebiotics include whole grains, bananas, onions, garlic, leeks, asparagus, artichokes and beans.
- **Protein** - Protein comes from both animal and plant-based sources and includes fish, poultry, beef, milk, yogurt, eggs and cottage cheese, as well as nuts, seeds, beans, chickpeas and lentils.
- **Lots of water** - Women should aim to consume 2.7 liters or 91 ounces of fluids daily, and men, 3.7 liters or 125 ounces; an amount that includes all fluids and water-rich foods, such as fruits, vegetables and soups.

October 2024 Home Delivered Meals

An Immune System Boost!

- **Handwashing:** Use warm water and scrub for 20 seconds. Alcohol-based hand sanitizers can be as effective when water and soap are not easily accessible.
- **Maintaining good nutrition:** Here are some key nutrients that play a role in immunity:
- **Beta Carotene** - Beta carotene works by helping antibodies respond to toxins and foreign substances. Good sources of beta carotene include sweet potatoes, carrots, mangoes, apricots, spinach, kale, broccoli, squash and cantaloupe.
- **Vitamin C** - Vitamin C increases blood levels of antibodies and helps to differentiate white blood cells, which helps the body determine what kind of protection is needed. Some sources of vitamin C from a combination of foods such as oranges, grapefruit, kiwi, strawberries, brussels sprouts, red and green peppers, broccoli, cooked cabbage and cauliflower.
