SILVER KEY NEXUS

A CARE PARTNER AND INDIVIDUAL MEMORY SUPPORT MODEL

**Build around your needs.
Scaled to your goals.**

SILVER KEY NEXUS: A CARE PARTNER AND INDIVIDUAL MEMORY SUPPORT MODEL

How It Works

Nexus serves as the administrative hub, connecting people to the right partner or service. Partner organizations engage in a customized scope of support based on their operational needs and desired level of involvement. We subcontract services to trusted providers and leverage partner expertise to meet needs efficiently.

Nexus acts as the administrative backbone, allowing partners to focus on service delivery while benefiting from shared systems and resources.

Together, we create a streamlined, community-centered model of care.

A Nationally Recognized Model

Silver Key Nexus is one of only 20 hubs nationwide selected to advance coordinated health and social care systems. Our partnerships strengthen the entire ecosystem of care in Colorado Springs.

Let's Build Capacity Together

Become a Nexus partner and grow your organization while strengthening the community safety net.
